A Percent for Arts Ordinance authorizing the allocation of one (1%) percent of the total cost of all construction, improvement or remodeling work for each Public Works Capital Improvement Project undertaken by the City for Public Arts Projects.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY (not less than two-thirds of all the members thereof affirmatively concurring), **AS FOLLOWS:**

Section 1 – PURPOSE. The City of Newark finds there is a need to create new and additional funding for the arts in the City in order that a coordinated city-wide arts policy may be implemented that incorporates all arts and disciplines for the cultural benefit of the City, its citizens and its visitors. A percent-for-arts program related to all future public works construction in the City will provide significant added financial support toward the City's ability to create effective processes for the commissioning of new City artworks and cultural facilities and services.

Section 2 - DEFINITIONS.

a. **PUBLIC WORKS CAPITAL IMPROVEMENT PROJECT** includes any capital project paid for wholly or in part by funds appropriated by the City of Newark to construct, renovate or remodel any building, structure, park, utility, street, sidewalk or parking facility, or any other type of capital project or any portion thereof, within the City limits of, or under the jurisdiction of, the City of Newark. It also includes all construction costs as well as architectural and engineering fees and site work associated with public works capital improvement projects. Capital improvement costs do not include administrative costs or costs related to the investigation and remediation of hazardous materials.

b. **PUBLIC ART** is an original work of visual art by a professional artist in a publicly accessible space; is integral to and enriches the site; is of the highest quality; and, consistent with community standards of decency and appropriateness, enhances the quality of life of citizens and contributes to the City's prestige.

Public arts projects include but are not limited to paintings, murals, frescoes, mosaics, inscriptions, stained glass, fiber work, statues, reliefs or other sculpture; monuments, fountains, arches, or other structures intended for ornament or commemoration; carvings, mobiles, photographs, drawings, collages, prints, crafts – both decorative and utilitarian – in clay, fiber, wood, metal, glass, plastics and other materials. Works of art may be temporary as well as permanent.

d. **PUBLIC ART PROJECTS PLAN** means a prioritized list of visual arts projects to be undertaken in any given year with budgets and recommended site and design approach, developed by D.O.R.C.A. in conjunction with the Public Art Advisory Committee, and in consultation with City departments anticipating capital projects, to be approved by the Municipal Council.

e. **PUBLIC ARTS ADVISORY COMMITTEE.** The Mayor shall establish a Public Arts Advisory Committee which members shall be confirmed by the Governing Body consisting of individuals who possess the requisite knowledge of arts and cultural affairs with the Mayor appointing a total of nine (9) members, four of which shall be recommended by the Members of the Municipal Council. The Committee may, at its discretion, appoint artists to serve on design and development teams to identify opportunities to incorporate art in the public space.

f. **DEMOLITION COSTS** means payment for any work needed for the removal of buildings or other existing structures from City property.

g. **EQUIPMENT COSTS** means payments for any equipment or furnishings that are portable and of standard manufacture; it shall not mean items that are custom designed for, or that create new use for, a facility, whether portable or affixed.

h. **PERCENT FOR ARTS PROJECT ACCOUNT** means an account as defined in Ordinance 6SFI 041900

i. **REAL PROPERTY ACQUISITION COSTS** means payments made for the purchase of parcels of land, existing buildings or structures, and costs incurred by the City for appraisals or negotiations in connection with such purchases.

Section 3 - FUNDING.

a. **APPROPRIATIONS** - All appropriations for City public works capital improvement projects, including all bond projects and all other capital projects funded from other sources shall include an amount equal to one percent (1%) of the total public works capital improvement cost to be dedicated to the Percents for Arts Project Account. Funds appropriated will be used for design services of artists, for the selection, acquisition, purchase, commissioning, installation, examination and/or display of original artworks, for the maintenance of artworks, for educating the public about the artwork and the Division of Recreation and Cultural Affairs administrative costs to manage the program. The 1% appropriation shall include but shall not be limited to general fund funded capital improvements and any and all other capital improvements funded from other revenues including grants that may be so appropriated.

b. **METHOD OF CALCULATION** - The minimum amount to be appropriated to the Percent for Art Account to fund artists' services and/or artworks, maintenance, administration, and education shall be the total capital project appropriation including all construction costs as well as architectural and engineering fees and site work expenses, excluding amounts budgeted from real property acquisition; demolition; and financing costs.

c. **EXCLUSIONS** - If the source of funding or other applicable law or regulation with respect to any particular public works capital improvement project or thereof prohibits or restricts the use of the 1% dedication of such funds for public art, this ordinance shall not apply to the project expenses so prohibited or restricted.

d. **GRANT APPLICATIONS** - All City departments shall, from the effective date of this ordinance, include in applications for public works capital improvement projects to outside granting authorities, amounts for artists' services and/or artworks as specified herein, where permitted

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

A Percent for Arts Ordinance authorizing the allocation of one (1%) percent of the total cost of all construction, improvement or remodeling work for each Public Works Capital Improvement Project undertaken by the City for Public Arts Projects.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1 – PURPOSE. The City of Newark finds there is a need to create new and additional funding for the arts in the City in order that a coordinated city-wide arts policy may be implemented that incorporates all arts and disciplines for the cultural benefit of the City, its citizens and its visitors. A percent-for-arts program related to all future public works construction in the City will provide significant added financial support toward the City's ability to create effective processes for the commissioning of new City artworks and cultural facilities and services.

Section 2 - DEFINITIONS.

a. **PUBLIC WORKS CAPITAL IMPROVEMENT PROJECT** includes any capital project paid for wholly or in part by funds appropriated by the City of Newark to construct, renovate or remodel any building, structure, park, utility, street, sidewalk or parking facility, or any other type of capital project or any portion thereof, within the City limits of, or under the jurisdiction of, the City of Newark. It also includes all construction costs as well as architectural and engineering fees and site work associated with public works capital improvement projects. Capital improvement costs do not include administrative costs or costs related to the investigation and remediation of hazardous materials.

b. **PUBLIC ART** is an original work of visual art by a professional artist in a publicly accessible space; is integral to and enriches the site; is of the highest quality; and, consistent with community standards of decency and appropriateness, enhances the quality of life of citizens and contributes to the City's prestige.

c. **PUBLIC ARTS PROJECTS** are projects that involve visual artists working in conjunction with a "public arts advisory committee" (as defined in paragraph "f." below) under the aegis of the Newark Division of Recreation and Cultural Affairs (D.O.R.C.A.) to create public art. Public arts projects include but are not limited to paintings, murals, frescoes, mosaics, inscriptions, stained glass, fiber work, statues, reliefs or other sculpture; monuments, fountains, arches, or other structures intended for ornament or commemoration; carvings, mobiles, photographs, drawings, collages, prints, crafts – both decorative and utilitarian – in clay, fiber, wood, metal, glass, plastics and other materials. Works of art may be temporary as well as permanent.

d. **PUBLIC ART PROJECTS PLAN** means a prioritized list of visual arts projects to be undertaken in any given year with budgets and recommended site and design approach, developed by D.O.R.C.A. in conjunction with the Public Art Advisory Committee, and in consultation with City departments anticipating capital projects, to be approved by the Municipal Council.

~~**PUBLIC ARTS ADVISORY COMMITTEE.** The Mayor shall establish a Public Arts Advisory Committee which members shall be confirmed by the Governing Body consisting of individuals who possess the requisite knowledge of arts and cultural affairs with the Mayor appointing a total of nine (9) members, four of which shall be recommended by the Members of the Municipal Council. The Committee may, at its discretion, appoint artists to serve on design and development teams to identify opportunities to incorporate art in the public space.~~

f. **DEMOLITION COSTS** means payment for any work needed for the removal of buildings or other existing structures from City property.

g. **EQUIPMENT COSTS** means payments for any equipment or furnishings that are portable and of standard manufacture; it shall not mean items that are custom designed for, or that create new use for, a facility, whether portable or affixed.

h. **PERCENT FOR ARTS PROJECT ACCOUNT** means an account as defined in Ordinance 6SFI 041900

i. **REAL PROPERTY ACQUISITION COSTS** means payments made for the purchase of parcels of land, existing buildings or structures, and costs incurred by the City for appraisals or negotiations in connection with such purchases.

Section 3 - FUNDING.

a. **APPROPRIATIONS** - All appropriations for City public works capital improvement projects, including all bond projects and all other capital projects funded from other sources shall include an amount equal to one percent (1%) of the total public works capital improvement cost to be dedicated to the Percents for Arts Project Account. Funds appropriated will be used for design services of artists, for the selection, acquisition, purchase, commissioning, installation, examination and/or display of original artworks, for the maintenance of artworks, for educating the public about the artwork and the Division of Recreation and Cultural Affairs administrative costs to manage the program. The 1% appropriation shall include but shall not be limited to general fund funded capital improvements and any and all other capital improvements funded from other revenues including grants that may be so appropriated.

b. **METHOD OF CALCULATION** - The minimum amount to be appropriated to the Percent for Art Account to fund artists' services and/or artworks, maintenance, administration, and education shall be the total capital project appropriation including all construction costs as well as architectural and engineering fees and site work expenses, excluding amounts budgeted from real property acquisition; demolition; and financing costs.

c. **EXCLUSIONS** - If the source of funding or other applicable law or regulation with respect to any particular public works capital improvement project or thereof prohibits or restricts the use of the 1% dedication of such funds for public art, this ordinance shall not apply to the project expenses so prohibited or restricted.

d. **GRANT APPLICATIONS** - All City departments shall, from the effective date of this ordinance, include in applications for public works capital improvement projects to outside granting authorities, amounts for artists' services and/or artworks as specified herein, where permitted

e. **WAIVER** - The Mayor may request that the Municipal Council exclude certain capital improvement projects from the provisions of this ordinance by the passage of a resolution authorizing such a waiver.

Section 4 - USE OF FUNDS - It is intended that funds in the Percent for Arts Project Account will be appropriated in the annual budget to obtain visual art from Newark-based artists (those artists who reside in Newark, have a studio in Newark, or whose primary professional employment is in Newark) in public places and to fund staff time in the Division of Recreation and Cultural Affairs necessary to administer the Percent for Arts program.

a. **ELIGIBLE COSTS**. Monies appropriated under this ordinance may be used for hiring artists to develop design concepts and for the selection, acquisition, purchase, commissioning, placement, installation, exhibition, and/or display of artworks. Artworks may be permanent or temporary and integral to the architecture. Integration of the artists' design concepts and/or the artworks into the project's architecture should be ensured insofar as feasible, by concurrent selection of the artist (s) with the architect or designer.

All of the above are considered eligible expenses for the Percent for Arts Program artists' fees. Artists fees for such projects may include the following:

- Structures which enable the display of artwork (s);
- Labor of assistants, materials, and contracted services required for the production and installation of the work of art;
- Any required permit or certificate fees, business and legal costs directly related to the project;
- Dealer's fees and commissions. In concurrence with the National Endowment for the Arts and several arts agencies around the country, no more than 10% of the artist's fee may be paid as a dealer/gallery commission;
- Communication and other indirect costs (insurance, utilities);
- Transportation of the work of art to the site;
- Preparation of site to receive artwork;
- Installation of the completed work of art;
- Administrative fees which may include the Division of Recreation and Cultural Affairs' administration costs incurred in the process of administering the Percent for Arts Program including staff time direct costs and administrative overhead.

b. **INELIGIBLE COSTS**. Monies appropriated under this ordinance may not be used for the following:

- Directional elements such as supergraphics, signage, or color-coding except where these elements are integral parts of the original work of art or executed by artists in unique or limited editions;
- "Art objects" which are mass-produced or of standard design such as playground equipment or fountains;
- Reproductions, by mechanical or other means, of original works of art, except in cases of film video, photography, printmaking other media arts;
- Decorative or functional elements, which are designed by a building architect as opposed to an artist, commissioned for this purpose; and
- Landscape architecture and landscape gardening except where these elements are designed by the artist and are an integral part of the work of art by the artist.

Section 5 - PERCENT FOR ARTS PROJECT ACCOUNT. The Business Administrator or his/her designee shall transfer monies appropriated pursuant to this ordinance to the project account within the Division of Recreation and Cultural Affairs designated "Percent for Arts Project" into which monies appropriated hereof shall be deposited. Funds so appropriated if not expended in any given Fiscal Year shall be carried over to the next Fiscal Year. Funds appropriated from sources placing time restrictions on expenditure of such funds shall be expended according to such restrictions or be forfeited, unless an extension is granted.

Section 6 - STANDARDS FOR REVIEW. The Public Art Advisory Committee shall perform its duties with respect to the Percent for Arts Program in accordance with the "City of Newark Percent for the Arts Program Guidelines for Capital Budget Projects" as set forth in the document, attached hereto as Appendix "A". It shall give special attention to the following matters, which are addressed in greater detail in the Guidelines:

4:1-10.1 Possession or consumption of alcoholic beverages by underage person on private property prohibited; penalty.

(a) It is hereby unlawful for any person under the legal age to, without legal authority, knowingly possess or knowingly consume an alcoholic beverage on private property.

(b) Any person found guilty of violating the terms of this ordinance shall be subject to a fine of \$250.00 for the first offense and a fine of \$350.00 for any subsequent offense. In addition, the court may, upon a finding of guilty, in addition to the fine authorized for this offense, suspend or postpone for six months the driving privileges of the defendant. Upon the conviction of any person and the suspension or postponement of that person's drivers license, the court shall forward a report to the Division of Motor Vehicles stating the first and last day of the suspension or postponement period imposed by the court pursuant to this section. If a person at the time of the imposition of a sentence is less than 17 years of age, the period of license postponement, including a suspension or postponement of the privilege of operating a motorized bicycle, shall commence on the day the sentence is imposed and shall run for a period of six months after the person reaches the age of 17 years. If the defendant at the time of the imposition of the sentence has a valid driver's license issued by this State, the court shall immediately collect the license and forward it to the Division of Motor Vehicles along with the report. If for any reason the license cannot be collected, the court shall include in the report the complete name, address, date of birth, eye color, and sex of the person, as well as the first and last date of the license suspension period imposed by the court.

The defendant shall be required to acknowledge receipt of the written notice in writing. Failure to receive a written notice or failure to acknowledge in writing the receipt of the written notice shall not be a defense to a subsequent charge of a violation of N.J.S.A. 39:3-40.

(d) If the person convicted under this ordinance is not a New Jersey resident, the court shall suspend or postpone, as appropriate, the nonresident driving privilege of the person based on the age of the person and submit to the Division the required report. The court shall not collect the license of a nonresident convicted under this Section. Upon receipt of a report by the court, the Division shall notify the appropriate officials in the licensing jurisdiction of the suspension or postponement.

(e) This ordinance shall not prohibit an underage person from consuming or possessing an alcoholic beverage in connection with a religious observance, ceremony, or rite or consuming or possessing an alcoholic beverage in the presence of and with the permission of a parent, guardian or relative who has attained the legal age to purchase and consume alcoholic beverages.

(f) This ordinance shall not prohibit the possession of alcoholic beverages by any underage person while actually engaged in the performance of employment by a person who is licensed under Title 33 of the revised statutes, or while actively engaged in the preparation of food while enrolled in a culinary arts or hotel management program at a county vocational school or post-secondary educational institution; however, this ordinance shall not be construed to preclude the imposition of a penalty under this section, N.J.S.A. 33:1-81, or any other section of law against a person who is convicted of unlawful alcoholic beverage activity on or at premises licensed for the sale of alcoholic beverages.

SECTION 6. Ordinance to amend Title 2, Administration, Chapter 5, Department of Administration, Article 4, Division of Central Purchase, Section 2:5-11(B) Powers and Duties, by adding thereto Subsection (b)(IV) (provides Newark employer payroll tax paying entities with a 1% discount on their bid submissions).

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1. Title 2, Administration, Chapter 5, Department of Administration, Article 4, Division of Central Purchase, Section 2:5-11(b) Powers And Duties of the Revised Ordinances of the City of Newark, New Jersey, 1966 as amended and supplemented by adding thereto Subsection (b)(iv) as follows:

2:5-11 City Purchasing Agent

(b) Powers and Duties

(b)(iv) When awarding a contract pursuant to N.J.S.A. 40A:11-6.1 under the Local Public Contracts Law, the Purchasing Agent shall review the following factors for determining the lowest responsible bidder:

- 1) Whether or not any of the bids received for goods and services are from businesses and entities which should be paying payroll taxes to the City of Newark as authorized by statute (N.J.S.A. 40:48c-14) and certified by the Division of Tax Abatements/Special Taxes. If it is determined that an entity should be paying employer payroll taxes to the city but is delinquent in its payments, then the Purchasing Agent shall deem said entity to be an "irresponsible" bidder due to its non-compliance with the employer payroll tax ordinance and shall reject the bid on this basis.
- 2) Obtain a certification from the Division of Tax Abatement/Special Taxes that the business/entity is registered with the City and is current on the payment of all of its employer payroll taxes.
- 3) When calculating the prices to determine the lowest responsible bidder, the purchasing agent shall reduce the bid of the employer payroll tax paying entity, whose tax payments are current with the city of Newark, by one (1%) percentage point to offset the 1% employer payroll tax which the entity is currently paying as a cost of doing business within the City of Newark. If it is determined that any entity submitting a bid for the provision of goods and services to the City should be registered as an employer payroll tax paying entity but is not registered as such, that entity shall not be eligible for the one percent (1%) reduction of its bid amount.
- 4) Upon factoring in the discounted bid price of the employer payroll tax paying entity, the purchasing agent shall then calculate the bids and prices of all bidders to determine the lowest responsible bidder.

Section 2. This ordinance shall take effect upon final passage, adoption and publication in accordance with the laws of the State of New Jersey.

STATEMENT

6-Ph, S & F-a.

The Deputy City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

Ordinance repealing Ordinance 6-S & F-f, May 19, 1999, "Ordinance establishing a fee structure for conduit installed in Public Right of Way for provision of Telecommunications Services, by adding additional language to encourage competition and manage the use of the Public Rights-Of-Way by providers of Telecommunications, Cable Television and other services within the City.

WHEREAS, the public rights-of-way within the City are used and useful for the travel of persons and the transport of goods and other tangibles in the business and social life of the community by all citizens; and

WHEREAS, the public rights-of-way within the City can be partially occupied by utilities and other public service entities for facilities used in the delivery, conveyance, and transmission of utility and public services rendered for profit, to the enhancement of the health, welfare, and general economic well-being of the City and its citizens; and

WHEREAS, the public rights-of-way within the City are physically limited so that proper management by the City is necessary to maximize the efficiency and to minimize the costs to the taxpayers of the foregoing uses, to prevent foreclosure of future uses through premature exhaustion of available right-of-way capacity, and to minimize the inconvenience to the public from such facilities' construction, emplacement, relocation, and maintenance in the rights-of-way; and

WHEREAS, that the public rights-of-way within the City are valuable public property acquired and maintained by the City at great expense to the taxpayers; and

WHEREAS, that the right to occupy portions of such public rights-of-way for limited times for the business of operating communications facilities and providing telecommunications services is a valuable economic asset, without which a user would be required to invest substantial capital, and that the public deserves fair and reasonable compensation for the property held by the City and made available to private entities providing for-profit services.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK:

Section 1.1. Purposes
